NEWFORESTS

*Natural Capital Investing. Advanced

Director, Global Transformation & Data

Location: Sydney

Reporting to the Executive Director, Global Funds Management, this role provides strategic leadership across transformation, data governance and business reporting within NEWFORESTS' global private asset management platform.

NEWFORESTS is a global investment manager of nature-based real assets and natural capital strategies. We manage a diversified portfolio of sustainable timber plantations and conservation areas, carbon and conservation finance projects, agriculture, timber processing and infrastructure. Our vision is for natural capital to be an essential component of every investor portfolio while our mission is to unlock, enhance and preserve the true value of natural capital. Headquartered in Sydney, NEWFORESTS is a Certified B Corp and operates in Australia, New Zealand, the United States, Europe, Southeast Asia and Africa.

Role Responsibilities:

- Lead the Transformation & Data function, setting the strategy, governance frameworks and priorities that support organisational change, data integrity and business reporting.
- Oversee a portfolio of strategic transformation initiatives, ensuring effective prioritisation, governance, resource allocation, risk management and benefits realisation.
- Develop and maintain NEWFORESTS data strategy and governance frameworks to improve data quality, ownership, accountability and reporting outcomes.
- Partner with senior leaders across the business to drive operating model improvements, manage dependencies and deliver strategic outcomes.
- Provide reporting, insights and recommendations to the Executive Committee and governance forums on transformation, data and reporting initiatives.
- Lead, develop and resource a high-performing team, while overseeing outsourced partners and vendors supporting the function.
- Own the function's budget, capability development and governance processes to enable effective decision-making and sustainable business growth.

What you'll bring:

- Significant experience leading transformation, data, operations or strategic programs within asset management, financial services or private markets.
- Strong leadership capability with experience leading teams and influencing senior stakeholders.
- Expertise in governance, operating model improvement, strategic delivery and business change.
- A commercial and strategic mindset, coupled with the ability to translate vision into execution
- Experience within infrastructure, forestry, agriculture or real assets sectors.
- Experience supporting change management and adoption across business teams.
- Ability to balance strategic thinking with practical execution.

Why join us?

This is a rare opportunity to shape the future operating environment of a global investment manager, influence enterprise-wide decision-making and lead transformational change at scale.

To Apply:
We pride ourselves on having a supportive NEWFORESTS culture that is inclusive to all and we would love to learn how you can bring your unique skills and experience to our business. If you have experience in any of these areas, we encourage you to apply for our roles, even if you only meet some of the criteria.

To apply, please follow the prompts to submit your application through the NEWFORESTS Recruitment platform. Phone calls will not be accepted however you may contact us through email: careers@newforests.com
